

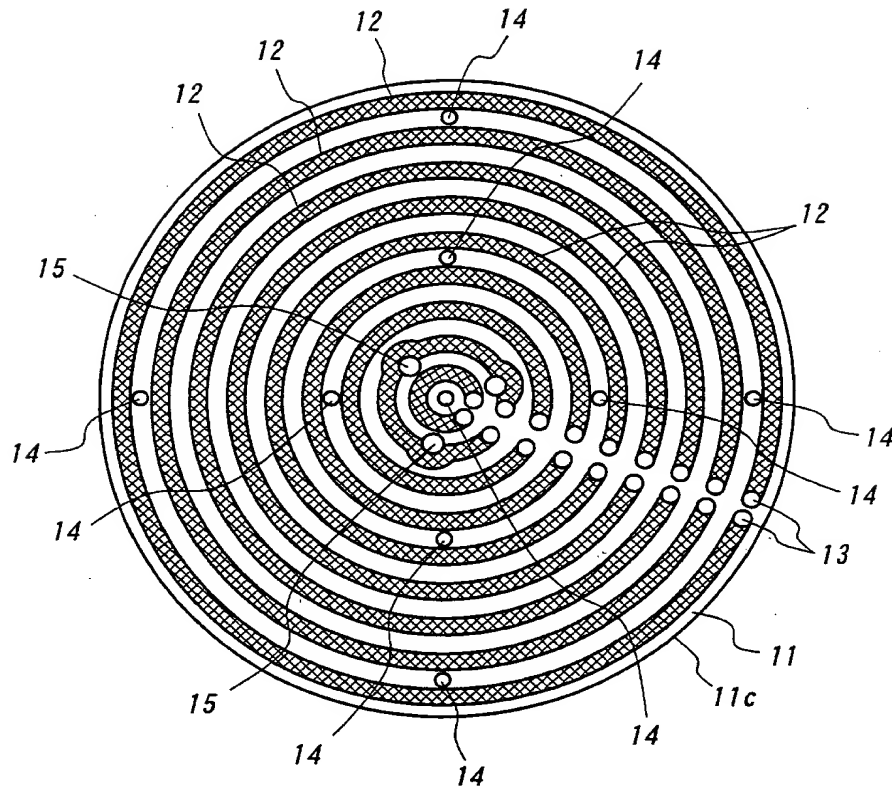

FIG. 1

This cross-sectional view shows a substrate 10 with a top layer 11a and a bottom layer 11b. A vertical structure 19 is positioned on the left. A series of rectangular features 12 are located on the bottom layer 11b. Each feature 12 has a central core 13 and a surrounding layer 12a. A thin layer 15 is located between the bottom layer 11b and the features 12. A vertical structure 14 is positioned on the right. A layer 16 is located on the left side of the substrate 10. A layer 17 is located on the right side of the substrate 10. A layer 18 is located on the top surface of the substrate 10.
